

**LONGMONT  
COMMUNITY  
FOUNDATION**

Here are some ways you can make an IRA gift to the Longmont Community Foundation:

- **Live & Give Longmont** – *Live and Give Longmont* is a permanent fund that not only generates much-needed revenue for existing nonprofits, but also grows over time to ensure funding well into the future. Live & Give Longmont assists those nonprofits that support residents with their health, basic needs, and education needs, as well as those that work to improve the aesthetics of the community and overall quality of life through investment in the arts and the environment.
- **Ascend St. Vrain** - *Ascend St. Vrain* is a needs-based, multi-year scholarship for St. Vrain Valley School District students who wish to attend a four year university, community college, vocational, or technical school in Colorado. Specifically targeted to lower middle income families, Ascend St. Vrain helps alleviate the debt that many middle income families incur by sending their kids on to post-secondary schools.
- **Hover Senior Living Community (GreenHouse Project)** - This state-of-the-art Skilled Nursing Care will be available at The Katherine & Charles Hover Green House Neighborhood Homes®. This project offers a radically new, national model for long-term care that returns control, dignity and a sense of well-being to elders, their families and direct care staff. The Longmont Community Foundation is a proud partner of this effort.
- **Veterans Village** - In partnership with the Veterans Community Project, the Longmont Community Foundation and others in the community are raising funds to build and operate a veterans' village in Longmont. A Veterans Village is a community of transitional tiny-homes and onsite services to provide housing stability and address the underlying cause of the Veterans' homelessness. Veteran services are facilitated through an onsite community center that provides the Veterans with mentoring, case management, counseling, and linkage to other programs and services.
- **Sharing the Nextlight** – This program devised by the city of Longmont aims to bring high speed internet connectivity to low-income families in Longmont. This will enable school children to effectively utilize the technology provided by the St. Vrain Valley School District and complete their homework online and avoid lagging behind other students. The Longmont Community Foundation has created the charitable fund to help with this work.
- **Fire Safety House** -This project will help build a new Fire Safety House and provide materials as part of Longmont's Fire Safety Education Outreach program. The Longmont Community Foundation, Ace Hardware, Optimist Club, along with the Johnson Family Fund, Longmont Rotary and the Pump House Brewery, have teamed up to raise the funds needed for the construction of a custom tiny house, which will become the next Fire Safety House.
- Creating a **Designated Fund** that makes an annual grant to one or more of your favorite charities
- Creating a **Field of Interest Fund** – select an issue to support (e.g. homelessness, the arts, animals or any number of issues).

The advantage to the IRA gift is that you make the distribution directly to a public charity and you do not pay income tax on the distribution.

You may make your IRA Charitable distributions any time. Get started by contacting your IRA custodian to request the proper details and please let us know how we can help! Contact the Longmont Community Foundation at:
